Study

Design for Visual Communication PGC
University of the Arts London

Design for Interactive Media BA
University of Wales, Cardiff

Multimedia Product Design HND
Cardiff School of Art & Design

Highlights

- Grew OVO’s practice from 4→60+ and shaped teams, ways of working, and culture
- Established Springer Nature’s global UX community and design operations
- Led Design for Singapore Government’s first large-scale agile transformation
- Mentored 200+ people and interviewed 400+, building inclusive design teams
- Taught accessibility at UXThailand 2024 and Singapore GovTech A11y Week

Expertise

- Building and scaling design capability within large organisations
- UX strategy, design operations, and delivery assurance
- Cross-functional leadership across product, design, and engineering
- Leading research, content, and design in complex agile environments
- Embedding quality, accessibility, and scalability into software delivery

Strengths

- Helping product, design, and engineering work together more effectively
- Influencing prioritisation and trade-offs to align delivery with user needs
- Managing and growing designers, and sustaining communities of practice
- Hiring, team design, and defining effective ways of working
- Adapting approaches to problem spaces, and helping teams work better
- Collaboration, co-design, and iterative delivery across disciplines
- Facilitating workshops for alignment, inception, and shared understanding
- Analytical, structured thinking and pragmatic decision-making
- Rapid visual thinking to explore ideas and build shared ownership
- Framing solution direction, structure, and interaction design
- Guiding teams through organisational and industry change
- Enabling teams with servant leadership

Recognition

2024 & 2025 ADPList Top 100 Mentors
2019 OVO Values Heroes
2016 GovInsider Innovation Awards
2013 Google Global Impact Awards
2006 NESTA Innovate to Educate

People before pixels.

Hello, I’m James

I’ve worked internationally with a wide range of clients across sectors
