YOU ARE

# The Architect

*High O + high C + low E — build things, then iterate.*

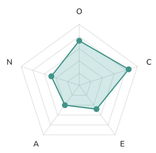
You don't just think of ideas, you design systems for them. Your drafts have drafts. Crowds drain you; whiteboards don't. You're the person who turns a messy problem into something with a clean shape — and then shapes that until it's beautiful.

Your scientific type: **Role Model**

## Score

| | | |
|---|---|---|
| Openness | High | 73% |
| Conscientiousness | High | 85% |
| Extraversion | Medium | 48% |
| Agreeableness | Medium | 40% |
| Neuroticism | Medium | 48% |

## Visual Profile



O = Openness C = Conscientiousness E = Extraversion
A = Agreeableness N = Neuroticism

## Your Characteristics

### Openness — High (73%)

You are highly creative, curious, and open to new experiences. You enjoy exploring new ideas, art, and unconventional perspectives.

Score 73/100

**Your Characteristics**

- Highly imaginative and creative
- Curious about a wide range of topics
- Enjoy exploring new places, ideas, and experiences
- Appreciate art, beauty, and aesthetic experiences
- Think abstractly and see connections others might miss

**Insights**

- → Your creativity is valuable - find outlets for it
- → Balance novelty-seeking with follow-through on commitments
- → Your openness helps you connect with diverse people and ideas

### Conscientiousness — High (85%)

You are highly organized, reliable, and self-disciplined. You set clear goals and work diligently to achieve them, often exceeding expectations.

Score 85/100

**Your Characteristics**

- Plan ahead and prepare thoroughly
- Meet deadlines consistently
- Pay attention to details and quality
- Persist through challenges to complete tasks
- Value order and structure in your environment

**Insights**

- → Remember that flexibility can sometimes lead to better outcomes
- → Allow yourself to take breaks and enjoy the process, not just the result
- → Be patient with those who have different work styles

### Extraversion — Medium (48%)

You balance social engagement with time alone, adapting comfortably to different situations. You can be outgoing when needed but also value your personal space.

Score 48/100

**Your Characteristics**

- Comfortable in both social and solitary settings
- Can engage in small talk but also enjoy deep conversations
- Neither seek nor avoid the spotlight
- Adapt your energy level to the situation

**Insights**

- → Leverage your flexibility in different social contexts
- → Trust your instincts about when to engage and when to step back

### Agreeableness — Medium (40%)

You balance cooperation with self-interest effectively. You can be assertive when needed while remaining considerate of others.

Score 40/100

**Your Characteristics**

- Consider both your needs and others needs
- Can be trusting but maintain healthy skepticism
- Stand up for yourself while respecting others
- Flexible between collaboration and competition

**Insights**

- → Your balanced approach helps in negotiation and conflict resolution
- → Trust your judgment about when to prioritize others vs. yourself

### Neuroticism — Medium (48%)

You have a balanced emotional life. You experience normal ups and downs but generally manage stress effectively.

Score 48/100

**Your Characteristics**

- Experience a normal range of emotions
- Recover from setbacks at a typical pace
- Can feel stressed but manage it reasonably well
- Neither overly reactive nor emotionally flat

**Insights**

- → Continue practicing healthy stress management
- → Your emotional balance helps in various life situations
